Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Are you all out of your mind? Why is this even in discussion? This is a form of voter suppression. I know so many people who rely on vote by mail because of disabilities or unavailability to wait in line to vote on a work day. Consider this a strongly worded letter in opposition. Some people are working really hard to silence the people by creating obstacles to have their voice heard.
