

Submitter:

Mary Sue Renfrow

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Has the honorable Senator David Brock Smith from Port Orford lost his dingdang mind? Oregon has been a leader in vote by mail for decades, and has proven it to be a effective and equitable method of ensuring that all Oregonians have the ability to research and make the best decisions possible for their vote. I oppose this bill and suggest the honorable Senator Smith focus on more important things for the great state of Oregon, like water resilience!
