

Submitter:

David Hackleman

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

My ancestors were pioneers here even before Oregon was a state. To this day many of us live in rural areas. Vote by mail is far superior for us because it saves us valuable time and resources that we can use for our way of life as it does for all folks that don't live near polling places, such as almost all farmers and ranchers in our state. Don't waste our money and time.
