

Submitter:

Jacqueline Lawson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

There is too much potential for abuse and fraud either by a person or digitally. Our constitution is too to cut corner for convenience sake. Full transparency is paramount and someone needs to vote in person with proper valid ID. There are plenty of people who will volunteer to man the polls. The postal service is not reliable and is short staffed. To eliminate this burden on their plate would greatly benefit them as well.
