

Submitter: Matthew Bell

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3542

Please pass this measure. It will increase safety, promote more diverse transportation methods, and bring Oregon inline with the rest of the world and other states. Motorcyclists deserve to have the opportunity to cautiously pass between slow or stopped traffic to avoid being rear ended in stop and go traffic. Look at Europe and many other countries across the rest of the world. This can be done safely and save lives.
