

Submitter: Emily Jones

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

To our ELECTED representatives;

Vote by mail is a long standing tradition in Oregon. It upholds our democratic values by making it accessible for every eligible voter to participate in our democracy. By restricting voting to in person and day of you will be limiting the ability of all to participate in our elections. I urge you to vote in opposition of this voter suppression tactic that is oppressive and disenfranchises the most vulnerable member of our society specifically elderly, disabled, and working class citizens. You must uphold our constitutional right to participate in in democracy through this accessible election system of vote by mail.

Yours truly,
Emily Jones
