

Submitter:

Rev. Carl Beilstein

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB698

Government buildings should be made secure. Safe from intimidation, especially from gunplay. I don't care if you have a concealed carry permit. There is no reason for a person to have a firearm on their person inside a government building. Our security forces should have the training and equipment to make these places safe.
