Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Mail-in voting is an Oregon institution. It allows more robust democratic participation by more people and already works very well. It's fine for institutions to try new things, but reverting a system that's already working so well in favor of much greater inconvenience for so many people (voters of course, but also the people who manage elections) makes no sense. I oppose this measure.
