Measure, Appointment or Topic: SB210

In 1998 Ballot Measure 60 passed by 69.4% to 30.6% via a citizens initiative. Mail-in voting is a safe and convenient way for us to vote.

Speaking from experience the signature checks work.

Precedent should not be overturned as the citizens have voiced the approval via the ballot box.

I also feel SB210 will inconvenience our rural voters in particular.
