SB243

March 29th

To my Oregon public servants,

I write in opposition of SB243. This bill does not protect Oregonians, it will only harm it's law abiding citizens. It's an erosion of our 2nd amendment liberty as written in our Constitution. This bill will create more gun free soft zones, removing lawful citizens with conceal carry licenses. This in turn will only invite more criminals into these areas promoting more gun violence. We currently have a background check system in place for current and new gun buyers. We do not need government bureaucrats telling us what we can and cannot purchase or own. Furthermore there was a last minute attack, with a 23 page amendment being added only a day before the public hearing. This is a clear bait and switch tactic used by a non-transparent partisan government. This SB is an abuse of power, many of us see what our government is doing, and will not stand for it. That is why I stand opposed to this Senate Bill.

Sincerely

Preston Gibson
