SB210

I am opposed to changing Oregon's voting to in person. Mail in voting has made me a more conscientious and engaged voter. Having the time to read all the issues in the voter packet and being able to sit down and think about who I will vote for instead of having to make a quick decision in a booth has been life changing. The Bipartisan Policy Center indicates mail in voting is safe and secure.

<https://bipartisanpolicy.org/report/mail-voting-is-safe-secure/> The Heritage Foundation, which tracks voter fraud in states, have identified only SEVENTEEN cases of voter fraud in the last NINETEEN years. <https://electionfraud.heritage.org/> The proposed change to Oregon's successful and efficient voting systems will cause unnecessary upheaval to our current election system and waste tax payer dollars. This is a "solution" in search of a problem. I urge everyone, especially my Senator Khanh Pham, to oppose this measure.
