SB210

I oppose this bill. Voting in person is archaic and exclusive. It will deter or prevent those with disabilities, elderly and others from their right to have a voice in the process. The individuals proposing this bill appear to have an alternate agenda that is not in the best interests of "the people" and stands to benefit only a select few for reasons that are difficult to comprehend. It is simply idiocracy. Oregon needs to stand strong and be a beacon of light for our citizens now and in future generations.
