

Submitter:

Nicholas Sumner

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

The way it is now allows people to do their proper research on each candidate and subject with the booklet that was received weeks earlier and make their discussions slowly and without pressure. I've been a part of a state that is only in person voting and I felt unsure on who I was voting for and couldn't use my phone in the booth to do research. Other states should be adopting our way of voting, not the other way around.
