Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Do not take voting by mail away from Oregonians. Don't allow the current Trump administration to influence you. We, the people of Oregon, have elected to vote by mail and don't want/need Washington's interference in our electoral processes. This is an issue of States Rights. No other state, or the rest of the nation, has any jurisdiction, legal or otherwise, imposing their views in our decisions. This measure is an attempt to overturn the will of the voters in order to curry favor with Trump, Musk and their toadies. Reject their agenda. Trump has already begun to dismiss the rights inherent in the U.S. Constitution. Do not let him dictate how Oregon votes.
