

Submitter: Jesse Miller

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

You either know that this is wheel-spinning nonsense meant to jangle keys and distract us from things that actually need to get done or you should probably have someone be your power of attorney because you don't have a firm grip on what's real anymore.

Stop wasting our time with this weirdo nonsense and do your jobs. Vote no and move on.
