

Submitter: Arlene Coleman

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail must remain. It is critical to provide voters with time to research candidates and measures. Erroneous voting issues identified have been resolved. I actually accidently tested the system last election by sloppily completing my signature which did not match that on file. My vote had to be cured and I was re-validated. It shows the system works. Please stop this bill! - Arlene Coleman
