Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is absolutely ridiculous and a form of voter suppression. People who are elderly, have disabilities, work in jobs where their employer will NOT let them take a day off are essential members of our community. They will not be able to vote if this bill passes (yes, that is the point for the GOP). We must unite and resist this dishonest form of voter suppression. Vote by mail is the only way to ensure that every Oregon citizen has a voice.
