Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's vote by mail system has been an exemplary success. It has made voting so much more accessible to all, without any evidence of systemic voter fraud. This bill, in effect, dismantles a working system, and disenfranchises the poor, elderly, and minorities. Do not pass this bill - do not break a working system - do not disenfranchise Oregon voters!
