

Submitter: Janis McGarvey

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I support this bill wholeheartedly. I miss going to my polling place and voting. It felt like I was doing something relevant and important.

Now we need to be in person to show our identification and I fully support that.

There has been too many mistakes with the voters moter law allowing non citizens the ability to vote.

Voting is a privilege of being a documented United States American.
