

Submitter:

Claudia Carle

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As I age, my ability to stand in line to vote declines. Aging people aren't alone with this problem. Parents with young children, disabled, anyone without a car, and those who work during voting hours will all be impacted. If we truly want to know the will of the people, we must make it easier to view, not harder. We do want to know the will of the people, don't we?
