SB210

To whom it may concern,

I am writing to voice my opposition to SB210. Vote by mail is the ONLY way to ensure everyone's voices are heard. In-person voting is impossible for some people due to their schedules, or a lack of transportation. In-person voting is a back-door to voter suppression, as it disproportionately affects people of color and low income people. I urge a NO vote in this bill to retain the vote-by-mail system that was overwhelmingly approved by Oregon voters.
