SB210

How will this be paid for?

Considering all the aggression, harassment & violence seen in other states around voting booths in the last 10 years in America, how will you keep voters safe? How will this be paid for.

Voting is in November, when the weather in Oregon, is very cold & wet. Standing outside at this time of year in line waiting to vote could cause a spike in health issues. How will this be addressed?

I really don't want to pay more in taxes to implement such ridiculous idea.
