Measure, Appointment or Topic: SB210

I fully support in-person voting on the day of election.

I remember the important feeling of community and patriotism when voting at my precinct.

Whether Republican, Democrat or Other party affiliation, we were polite and respectful to each other.

We were just patriotic NEIGHBORS doing our civic duty.

Important to note: It is easy to get an absentee ballot if you will be gone on election day, OR if you are elderly or handicapped.
