

Submitter: Angus Laird

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail-in ballots must not be eliminated. It is an efficient and proven way for citizens of Oregon to carry out their civic duty and to exercise their right to indicate their preferences of candidates and propositions during any election. Not everyone can get to a polling place for every election. But mail-in ballots increase the likelihood that every citizen's votes may be received and tabulated.
