

Submitter:

Bobbi Kimbro

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

My name is Bobbi, I am a mother to three children. I online charter school them and my husband works full time at a local college. This bill would make it much harder for me to contribute my vote and participate in our local and federal community. The voting system we have works and has been working for a long time. This would be a huge detriment to the peoples of Oregon. Please consider leaving our proven effective voting system alone.
