

Submitter:

Ann Sierka

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote-by-mail has worked smoothly and fairly in Oregon for decades. It does not need a fix! There is no evidence of abuse. It makes it simple for people to vote and is, therefore, more democratic than requiring presence at a polling place.

The legislature could better spend their time improving health care and education in the state.
