Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I, Jessica Hoehn, oppose the change to make in person voting required. Mail-in voting is the most equitable way to allow ALL OREGON voters to vote. Twice I found myself without a vehicle on Election Day. If I hadn't had the option to mail in my ballot early, as I did, I wouldn't have been able to cast my vote and that is voter suppression at its finest. Unless in person voting is going to come with FREE public transportation the day of elections, than in person voting isn't a feasible option for ALL of our Oregon citizens.
