SB210

I am excited to heartily endorse this bill that addresses some of the outrageous fraud and abuse of Oregon's election system. Having canvassed as a PCP, I have witnessed first hand how the lack of trust in our mail-in elections has suppressed voter participation; many believe their vote simply will not count (because of tabulation fraud, or illegal dilution by fake opposition ballots). We simply must return to one-person, one-vote, citizen-verified, same-day election hand counting. Any participation in elections by machine "counting" can and will be manipulated.

I would further support an amendment that makes election day a holiday to emphasize it's importance to preserving a free, representative society.

Thanks! Let's bring Oregon into compliance with Federal actions to preserve our Republic!
