Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

SB 210 is a ridiculous measure to disenfranchise voters. The bill's author has no logistical plan to help voters who may be elderly or disabled to get to the polls in person nor does it help workers who may not be able to reach the polls due to their schedule and obligations. Therefore, this bill is to try and weaken voting rights and should not be advanced.
