SB210

I have lived in Oregon for almost 20 years but have voted for another 30 in California. The ease of voting by mail is a privilege I've come to enjoy as there are times of bad weather or as an aging citizen, there are time standing in line to vote would be a discomfort. So many times, when voting in person in California, there were mixups at the checkin and confusion at the booths, not to mention I no longer trust the voting machines at polling places. Please don't take away our mail-in ballots. We've been doing it a long time in Oregon, and we have it down.
