SB210

I have absolutely no faith in Oregons voting system. None at all! Especially when Juducial Watch reported that Oregon has the dirtiest voter rolls in the USA! I feel that the only way we can have secure voting is by voting in person. I am 87, but I would gladly stand out in the rain, high winds, and anything else mother nature throws at me, and any thing else, bums, homeless, dope addicts, etc to vote in person if that is what it takes to get a valid vote in Oregon.

Sincerely Dixie Gainer
