SB210

Vote-by-mail is a great equalizer that makes it possible for all eligible, registered Oregonians to vote regardless of whether or not they have childcare, the ability to take time off work, a ride to the polls, etc. Vote-by-mail has worked extraordinarily well in this state since its implementation, resulting in elections that are run smoothly with limited opportunity for interference and with excellent turnout. The system is working as intended and does not need to be fixed. Attempting to subvert what is working and replace it with an untested new form of voting when elections and election turnout in the state are critical is underhanded and a waste of taxpayer dollars. Leave our ballots alone!
