Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Senator Ron Wyden has been sounding the alarm on the voting machines since 2017ish. We must return to paper ballots, legal voter ID, and one day voting. The voting machines are not secure, mail-in ballots should be used for active duty military members and specific requests - not a blanket for fraud and criminal activity taking precedence over the only duty of a legal citizen. Protect the vote! Paper ballots, in person, legal citizen. ID. Thank you.
