Jeanne Kauffman

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB243

I oppose S B 243. This legislation does not address or solve gun violence. If we want to decrease gun violence, we need to address the cause not the tool. Mental health, addiction, and crime are the issues that need to be addressed. This legislation would only affect law abiding citizens who are not planning crimes. This is useless feel good legislation.
