

Submitter: Robin Stone

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Good afternoon, Senate Committee on Rules,

My name is Robin Stone and I am a concerned Portland resident. I oppose SB 210.

I've spent 16 years as an Oregon voter, and have relied on Vote-By-Mail for every election I have participated in. Being able to vote by mail means I don't have to worry about missing work/potential income, arranging transportation to and from the polling place, or the stressors of going to a busy, public place to cast my vote. Instead, I can take my time researching legislation and candidates in the comfort of my own home, enabling me to better engage in the democratic process.

I urge you all to please vote against SB 210.

Thank you,  
Robin Stone
