Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Although mail-in voting is super convenient, I am concerned about the integrity of elections in Oregon. I am frustrated that Oregon officials have not and are not doing enough to ensure that non-citizens cannot vote. I don't trust them to "clean up" the process. I think we need to start over from scratch. I strongly support SB210 to end mandatory mail-in voting and make it standard to vote in-person on election day. Perhaps after this measure passes, we can lead the country by making election day a mandatory state holiday! That would be progressive, wouldn't it?
