

Submitter: Chelsea Seguin

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting in person is not convenient for many people. It creates barriers to participation for individuals with limited mobility or other disabilities, people with inflexible working schedules or limitations on childcare. People who need to provide care for another person who is disabled, elderly, or too young to care for themselves. Eliminating the vote by mail system will deny access to many people in our community, and is undemocratic.
