I support this bill because regardless of how honest and fair our county Clerks try to be there are people that are not legal citizens voting in our elections. Oregon has admitted this and therefore know it is indeed an issue.

I am not one of the people that think there is this crazy number of illegal voters in Oregon. I am not unrealistic. But facts are facts. And simply put. Our elections should be as secure as anything else in our county or more so.

Our vote is our voice. Our voice is our power as a constituent within our Constitutional Republic. The backbone of our Nation!

Our elections need to be as honest, fair and secure as we can make them. Doing so is the only way to ensure that Americans and Oregonians trust our system of government.

Help re affirm the trust in our elections and please support this Senate Bill.

Vote Yes on Senate Bill 210 and send a message to law abiding Oregonians that thier voice matters!!
