

Submitter:

Nathaniel Flynn-Ryan

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this measure as I'm sure anybody who cares about access to voting does too. Anybody who is for this measure clearly wants to make voting harder in the hopes it leads to less votes for their opposition. We should be talking about making voting even easier. Not making it harder. Oregon's vote by mail is a model for the rest of the country to adopt. We would not have the dire lack of voting across the country that we have if it was as easy to vote everywhere as it is in Oregon. This scares anybody who wants to control the populace rather than allow them to vote. Let's making voting day a state holiday. Now THAT would be a bill I would support.
