Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I want in-person voting. When I began voting at age 18, I walked to our local neighborhood voting location two blocks from my where I lived, waited in a short line greeted by friendly persons, had my name checked off of a list and entered a private voting booth and completed my citizen duty of voting. Please, I want in-person voting to be the standard in Oregon. Yes on SB 210!
