Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Thank you for the opportunity to let my position on this measure be submitted.

I believe that proof of identification is a necessary requirement in our governmental system, social and private sectors as well.

With the privilege of being a state resident of legal age, comes great responsibility and ID should be required to vote.

Also, to keep the system from compromise, in person voting on paper ballots should be the standard. The mail-in ballot has proven to be subject to loss, tampering and fraud. The best and safest option for a free and legal election is to vote in person with voter ID and paper ballot.
