SB210

I've been a commercial fisherman here on the Oregon Coast for 15 years and mail in voting is the ONLY way I am guaranteed a chance to vote. I never know if i'll be out at sea on election day so it would be unfair for our entire commercial fishing industry to force us to show up in person. Mail In voting is one of our greatest freedoms in our home state of Oregon and its a right I am proud to tell other citizens around the country that we have here in Oregon. Mail in voting makes the right to vote more accessible to everyone.

I STRONGLY OPPOSE SB 210.
