

Submitter:

Michael Corrente

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is wrong and not democratic. This will lead to fraud and ruin our already safe voting system. There is no reason to do this except to discourage people from voting. This is a method and a strategy by the current administration to ruin blue states rights and has a direct link to Project 2025.

I strongly OPPOSE this bill.
