Measure, Appointment or Topic:	SB210

Dear elected and appointed officials, I strongly support SB 210 and request you support it too. As a senior citizen I remember election day when I would meet friends and neighbors at the local polling place. It was always fun and added to a sense of community. I and many I talk with lament losing that patriotic event, even as seldom as it was. The sense of belonging and being a part of something larger than oneself is direly needed in society today, something placing an envelope in a mail slot will never do. Please support SB 210, help bring back community and confidence in our local elections.
