

Submitter:

Nicolas Houtman

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I believe our election system should lower barriers to voting, so I am opposed to returning to the old system of voting in person. Vote-by-mail is useful for people who have difficulty standing for long periods or who work one or more jobs and can't get time off. Keep voting accessible to all of our citizens. Thank you.
