Vote by mail has been proven over and over to be wildly successful for both Republican and Democratic parties. It is safe, secure, accessible, incredibly difficult to mess with, fair, equitable, necessary, just, and heavily supported by both conservatives and liberals and everything in between. Those reasons are also why the Republican party wants to do away with it. They hate access and the democratic process. They want to prevent people from voting, and they have not been shy about expressing that explicitly. It's the only way they can win: rigging the system like they always do.

Literally everyone benefits from vote-by-mail -- INCLUDING the Republican party. This is just another stupid, ill-researched, emotions-based, fascist, and sadly predictable move by the Republican party.

PLEASE KEEP VOTE BY MAIL.
