

Submitter:

Braden Kelley

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Requiring in-person voting would make it very difficult for many people, including myself, to have their vote count. This would be a huge step backwards to ensuring that every voice counts. Not everybody can take time off from work, find child care, etc to be able to stand in line to register their vote.
