SB210

I urge you not to change our current method of voting in Oregon. Voting by mail or Dropbox is convenient, safe and secure. There is no reason to change it, other than to make it more difficult for voters to cast their ballots. Starting in 1998, Oregon became the first state to conduct its elections exclusively by mail. Thanks in large part to our vote by mail system, we have the nation's highest turnout of eligible voters at over 60%. Do not change Oregon's voting mechanism.
