

Submitter:

Judith Clinton

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I love Oregon's mail-in ballots. Please don't try to fix what is NOT broken! We should be a national model for the way honest, secure and convenient mail-in voting should be done. It's crazy to scuttle our great system for something that will be a step back in time, expensive, and time consuming every step of the way. Judy
