

Submitter: Thomas Busse

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: SB302

This looks like a typical "gut and replace" bill.

The point is to introduce an empty bill with the intent to gut and replace it, depriving the public of any opportunity to make public comment on what the bill really will be about. Given the cronyism that exists in the Oregon "education" establishment and especially the corrupt and self-serving teacher unions, I doubt there is anything good that will come out of the proposed legislation, whatever it might end up being.
